Golf Outing

Sunday, July 21, 2019

Cracklewood Golf Club

18215 24 Mile Road, Macomb, MI 48042

Sponsorship Opportunity!

SPONSORSHIP DEADLINE IS JULY 7th

Join us and Parent Project Muscular Dystrophy (PPMD) in the mission to end Duchenne Muscular Dystrophy. Duchenne MD is a progressive, neuromuscular disease affecting one in every 3,500 boys and there is no cure. On October 22nd 2012 at just under 15 months old, Markie May was officially diagnosed with DMD. He has been given a life expectancy of around 25 years old. By age 12 he could be confined to a wheelchair. But we have hope, and PPMD believes the potential now exists to make a difference in the quality of life of the boys and young men with DMD. Parent Project leads the way to identify and aggressively fund the most promising near and long-term Duchenne research and cutting-edge therapies. Please support Markie's Mission to find a cure. A cure is greatly needed to save Markie's life and the lives of boys just like him.

Donations and Sponsorships can be made to support Markie's medical expenses or to support Duchenne Research.

Please visit the Markie's Rangers Website to Donate or become a Sponsor!
